

PRESS RELEASE

Oriel Systems were proud to sponsor the Bath under 12's rugby team for their recent 3 day rugby tour to the historic city of Edinburgh. A number of games were organised for them by two local clubs. Bath under 12's put up a spirited performance against both teams and accounted well for themselves, despite some of the opposition towering over them. The tour was finished off with a visit to the Murrayfield stadium, the home of Scottish Rugby where the team and accompanying parents were taken on a guided tour of both the stadium, players facilities and grounds, with the highlight of the tour being a training session for the boys with Andy Robinson the Scotland Head Coach himself an ex Bath and England player.
